You can trust Australian Made

Austral Clotheslines  
have **more** line space

## Fold Down Clotheslines

The full range of Austral **Fold Down** clotheslines is available with Pre-Assembled Side Arms (see picture below). Just remove the side arms from the box and fix them directly to the wall or ground mount kit using fixings supplied. The hard work is already done for you!

All Austral **Fold Downs** are made using sturdy tubular steel – even the front corners are bent tubular steel (not plastic) to ensure strength and durability. All Austral **Fold Downs** may be reduced in length by reducing the front bar length prior to installation. Whether you have a large or small space available, there is a Fold Down to suit you.

**Add-A-Line**  
A full family sized line with two folding frames.

**Standard**  
A full family sized line with one large folding frame.

**Compact**  
A compact family sized line with one folding frame.

**Slenderline 16**  
A compact line ideal for long narrow areas.

**Slenderline 20**  
A long compact line perfect for long narrow areas or walkways.

**Unit Line**  
A small compact line perfect for apartments, units or as a second undercover line.

**Indoor / Outdoor Line**  
An 8m eco friendly line for the smallest of spaces. Can be fitted discreetly over a bench or laundry trough.

Fold Down Clotheslines

## Retract Away Clotheslines

The **Retract Away 40** is a retractable clothesline that extends from 2 to 8 meters in length and offers up to 40 metres of line space. Simply pull the lines out to the required length and attach to a wall or post. When you're finished, just retract the lines back into the cabinet. Retract Away 50 also available. See clothesline table on the back for optional accessories.

## Fold Away Rotaries

**Fold Away** Rotaries will accommodate the largest of family wash loads and will easily fold away when additional space is required. The **Fold Away** Rotary is the perfect solution for a courtyard or traditional family backyard – simply fold the arms up, lift and twist to remove from the ground socket.

The outer lines on a **Fold Away 45** are large enough to accommodate a Queen size sheet (222cm long) and the **Fold Away 51** will accommodate King size sheets (254cm long). The **Fold Away 51** also features coat hanger hooks on each arm.

The **Fold Away** Rotaries are made from strong Galvanised Steel and are powdercoated in Beige or Heritage Green. The Rotary Heads are pre-assembled and corded for simple installation. The Ground Socket is included.

## Ezy Rest Basket Holder

The Austral **Ezy Rest** simply hooks onto the winding column to keep your laundry basket at a comfortable height. The **Ezy Rest Basket Holder** is suitable for use with most popular brands of fixed or removable Rotary clotheslines.

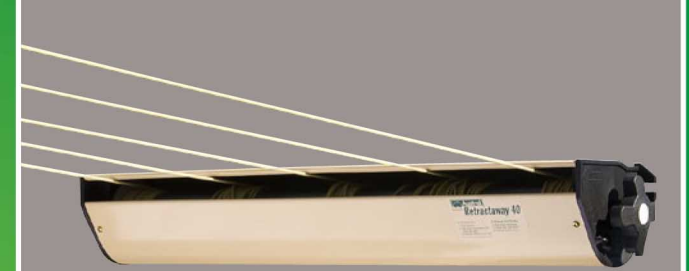

## Fixed Rotaries

The **Original Super Rotary** hoist is built to last with a metal gear case, strong galvanised tubing and galvanised wire.

The **Deluxe Rotary** hoist is made of long lasting galvanised steel and wire. The **Deluxe Rotary** range features a one piece helical column with plastic gear case.

The Elite 4 is a fixed rotary with 40m of line space and is made from long lasting galvanised steel and galvanised wire. This line offers all the features of a traditional galvanised rotary with all tubular steel powdercoated in Heritage Green.
